## ACTIVITIES

### Learning

This is a summer reading program for children who need to improve their reading skills. Your child’s 2nd, 3rd or 4th grade teacher needs to recommend the students who would benefit from this type of program as well as being successful in a non-traditional learning environment.

The goal of this summer program is to give children a boost to succeed in their next school year and beyond. Each day includes a full morning of reading instruction, writing practice, and self-guided reading; all led by a certified elementary school teacher.

### Play

Children will be transported to Camp Tricklin’ Falls each afternoon for fun, physical activities, like swim, sports, boating, rock climbing and archery. Morning learning time includes two “brain breaks” to keep kid’s bodies healthy, moving and ready to learn!

### Healthy Eating

Children will be provided a healthy lunch and snacks each day. Campers will learn about good nutrition, with fun simple activities each week.

### Art and Music

Children will participate in weekly craft, music, and theater activities for more fun and learning.

### Field Trips

There will be daily field trips to Camp Tricklin Falls.

### Pick up and After Care

After care will be at Camp Tricklin’ Falls. Children will be transported to the Haverhill YMCA for pick up prior to 6 PM.
